ARYEZ MILTEX

Tactical Multipurpose Backpack

Lightweight, durable, and built for everyday field or urban use.

The Tactical Multipurpose Backpack is a rugged, multifunctional backpack designed for both outdoor adventures and everyday tactical utility. With a tough, water-resistant camo exterior and a well-organized multi-pocket layout, it's perfect for trekking, range use, or urban carry.

The padded compartments provide secure storage for gear, devices, or field essentials, while the mesh side pockets allow quick access to water bottles or tools on the go. Whether you're heading to the field, work, or school, this backpack balances performance and style with ease.

SKU: AM-BP-02

ARYEZ MILTEX

High-Capacity Backpack

Built for multi-day missions and serious field duty.

The Military-Style High-Capacity Backpack is engineered for endurance. Designed with high-volume capacity and reinforced MOLLE webbing, this field pack is ideal for extended operations, tactical training, or rugged outdoor expeditions. Its heavy-duty build features a large main compartment, multiple external pouches, and compression straps to stabilize heavy loads.

This bag delivers performance when it matters most — from survivalists and scouts to deployed personnel.

SKU: AM-BP-03

ARYEZ MILTEX

Tactical Recon Rucksack

Designed for long-haul missions and maximum gear loadout.

The Tactical Recon Rucksack is purpose-built for endurance and range. With its vertical, streamlined profile and expansive capacity, it's the ideal companion for reconnaissance missions, extended treks, or modular loadouts in the field. Full MOLLE compatibility makes it adaptable for any tactical scenario.

This is the pack for those who don't just go far — they go further.

SKU: AM-BP-04

ARYEZ MILTEX

Compact Tactical Backpack

Your go-to pack for fast-paced operations and daily missions.

For short-duration missions and daily urban patrol, the Compact Tactical Backpack delivers essential storage without bulk. Its space-efficient 15-liter layout includes a padded tablet sleeve, a secondary admin pocket, and fleece-lined eyewear protection. Laser-cut MOLLE webbing lines the front for modular expansion, while side paracord loops offer utility attachments.

Air-mesh padding on the straps and back panel ensures all-day comfort.

Designed for high mobility, this compact bag is ideal for law enforcement officers, responders, and tactical commutes.

SKU: AM-BP-05

ARYEZ MILTEX

High-Capacity Tactical Rucksack

The trusted companion for rugged terrain and extended ops.

Engineered for heavy load carriage over extreme terrains, the High-Capacity Tactical Rucksack represents the pinnacle of field-tested endurance gear. Boasting an expandable 75-liter storage system, it features reinforced load-bearing attachment points, heavy-duty side-release buckles, and integrated hydration ports.

The advanced suspension system features thick padding and a load-bearing waist belt to distribute weight to the hips.

Durable, weather-resistant fabric protects contents from water, dust, and sand, making it indispensable for long-range tactical operations and severe field deployments.

SKU: AM-BP-06

ARYEZ MILTEX

Compact Camouflage Backpack

The compact choice for high-performance mobility and everyday missions.

Merging tactical utility with camouflage concealment, the Compact Camouflage Backpack features a digitized woodland pattern that breaks up visual detection. Constructed from rugged, water-resistant polyester, it has a main compartment with a protective rain flap, a front zip organizer, and dual side mesh slots.

Padded shoulder straps and a sternum strap keep the pack secure during fast movements. It is a highly portable, versatile option for field training, active surveillance, and outdoor survival operations in wooded areas.

ARYEZ MILTEX

HIP BAG

Streamline your loadout with this rugged, mission-ready pouch.

Military hip bags (often referred to as tactical waist packs, fanny packs, or butt packs) are highly specialized pieces of load-bearing equipment designed for extreme durability and immediate accessibility.

- **Materials:** They are almost exclusively built from high-denier nylon fabrics (like Cordura 500D or 1000D), making them highly resistant to abrasions, tears, and harsh weather.
- **MOLLE/PALS Compatibility:** Most tactical hip bags feature external webbing. This allows operators to attach extra pouches (like mag pouches or flashlight holsters) or secure the bag directly to a larger tactical vest or backpack.
